

Help your community & grow your business

Epping Rugby & Netball Club is vibrant, successful community based sports club.

Each season we field 6 senior grade netball teams as well as rugby teams from minis (under 6s) right through to 8 senior grades whose matches range from the highly competitive to the purely social.

We're offering your business the chance to tap into this market through sponsorship.

Your investment will place your brand right at the forefront of a very attractive market segment and give you preferential access to numerous club matches, events and functions.

For more information on sponsorship options and the substantial benefits you'll enjoy through your investment, please call Paul Wootton on 0418 119 401 or email him at paulw@ellembly.com
